ISSUE #20

NOVEMBER 1989

This is the official publication of the Miller Number Custodian (MNC), for North America, who is Randy Grigsby. My address is 93 St. Vincent St., R.R.#3, Barrie, Ontario, Canada L4M 4B5. The purpose of the MNC is to register (Diplomacy) variant gamestarts and finishes. There is NO fee for this service. Alpha & Omega is published every 3 to 4 months. The sub rate is \$.50 for anyone in the States or Canada and \$1 for those of you overseas.

Glenn Overby, P.O. Box 36983, Grosse Pointe, Michigan 48236, is running the 1989 North American Variant Hobby Poll. There are four categories: Best Variant Zine, Best Variant GM, Biggest Variant Personality and Best Variant.

For Best Variant Zine: Any zine which runs one or more variant Diplomacy games, other than Gunboat games, is eligible. Zines which do not usually run games are also eligible if a significant amount of their editorial content relates to variant Diplomacy.

For Best Variant GM: Any GM who runs one or more variant Diplomacy games, other than Gunboat games, is eligible.

For Biggest Variant Personality: Anyone is eligible; vote for those persons who contribute the most to the variant hobby by reason of playing skill, variant design, promotion, writing, or any contribution or set of contribution EXCEPT GMing.

For Best Variant: You may vote for any published Diplomacy variant regardless of when or by whom it was designed.

Directions: In the Zine category, you may vote for up to six zines; rank them in order, 1st through 6th, no ties. Do not vote for a zine if you have not seen at least two issues of it since January 1, 1989.

In the GM category, you may again vote for up to six, rank in order without ties. Do not vote for a GM unless you have played in a variant game under that GM at some time since January 1, 1989.

In the other categories, you may vote for up to six Personalities and up to ten Variants, again rank in order without ties.

Please send in your ballot, with your name, address, and a brief identification of a tie to postal Diplomacy (publisher of X, player in Y, subscriber to Z, etc), to Glenn. Ballots must be received by December 22, 1989 to be counted.

Has a variant game that you are a player in been orphaned? If so, please contact either myself (address above) or Vince Lutterbie, 1021 Stonehaven, Marshall, Missouri 65340.

Has it been a year already? As of Nov 1, I've been at this for a year. And thanks to you all it's been an successful one, I hope my second year turns out to be just as good. During the twelve months, more than 175 MNC's were issued, variant game finishes are being reported like never before, some orphaned variant games have been rehoused. Thanks to Glenn Overton, the Variant Hobby now has a poll and a player rating system. Since taking over the duties of MNC, I've tried and will continue to try to send A & O to every publisher who runs variant games in his/her zine.

The only dark cloud on the variant scene (in my opinion) is the prominence of Gunboat games. In 1990, I'd like to see some of you opening less Gunboat games and more true variant ones. There are plenty to choose from. Check out the Variant Bank Catalog (which lists nearly 1000 variants). To acquire one, send \$5 to Lee Kendter Jr, 264 Spruce Ct, Bensalem, Pennsylvania 19020. Finally to close off, I'd like to thank the following people for their donations to the MNC fund: Bob Acheson, Doug Acheson, Michael Mansalves, Melinda Holley, Lee Kendter Jr, Eric Klien, Vince Lutterbie, George Mann, Dave McCrumb, Marc Peters, the PDORA, and an anonymous donation.

Miller Numbers issued since A & O #19.

## Firepower

Final Conflict 1984 Zgf 20

Winter 2111

Before the winter builds were adjudicated, a concession to South Africa was declared. Congratulations to John!

Problem: Since this was originally an orphan from *The Razor's Edge*, all game records weren't available for the final statistics. My first adjudication (Fall 2105) came out in *Comrades In Arms* #6, of June 1987. Below is what I have, and if anybody wants to do the research to recover the lost history, be my guest.

THO #21 FLORIDA 1988ACcb WOOLWORTH IIO. THIS GAME IS OVER.

I received orders from only one player in this game for this turn. Considering that I have NO stand-bys for Woolworth, and the obvious lack of interest in the game by the players, as GM, I declare the game over as a draw among all surviving positions.

"Zamenhof" GAME REPORT

ITALY SURRENDERS!

1989Zrx02

Marion Bates has conceded victory to Jim Bragg. As Marion put it, "I wanted to give you a concession statement, but you wouldn't print it." If I were Marion, I'd curse the fates as well. I've never seen a single NMR so totally destroy a player's chances, with almost zero hope for a recovery. The game was shaping up to be interesting, as well. Too bad.
